

TEXT ENHANCE

A suite of advanced messaging features to help you get even more out of your ClarionCall text service, expanding your capabilities to extend the benefits for staff and parents.

The **TEXTENHANCE** package is fully integrated with classic ClarionCall Messaging services and your existing MIS solution. It's quick and easy to upgrade and enjoy the full potential of text communication for your school.

EXTENDED LENGTH TEXTS

Concatenated SMS allows you to extend the length of text messages up to 1000 characters, so you can include additional information and detail.

TEXT2TEXT

Send and manage group texts direct from your own mobile. The automated service allows you to select recipients, compose and send from anywhere, at any time.

MESSAGE TEMPLATES

Save time and ensure consistency by creating and storing standard messages for repeated use; easy to access from your dashboard menu.

TEXT REPLY

Allow parents to reply directly to your texts, without copying the rest of the group. All replies are captured, stored and displayed in structured online reports.
